BUS ROUTES BACK TO NORMAL

Hello Bedford Park neighbours.

The TTC has just announced that the construction at Lawrence Station will be completed ahead of schedule. At this point, the 124 and 162 buses will no longer need to use the Roe Street bus loop. The buses will return to their regular routing at 5:00 a.m. on Saturday February 15.

The TTC will have signage posted on various bus stops along the diversion route to alert people to the upcoming change. They will also have Customer Service Representatives at the Lawrence Station during the transition.
