Subject: Garden Contest

1st Annual Garden Contest ***Only 1 week left to register*** ***Closes June 30***

Hi Neighbours,

The deadline to register for our Garden Contest approaches. All you have to do is be a member of BPRO and send us a quick email saying your in!

Share your love of gardening with your neighbourhood and become eligible for prizes too, as determined by our worthy judges. In fact, this year's winner will remain the winner of the *first* Bedford Park Garden Contest *forever!*

Your garden should be maintained by you not a landscaper, but after that anything goes! Full details are on our website at www.bprotoronto.ca/2020-garden-contest. Check back on our website and Facebook in mid-July to see photos of the participating gardens so everyone has a chance to enjoy them.

We'll close by sharing this lovely note we received with one member's registration:

We live on a narrow lot in Bedford Park. For years we had an old tree on our front yard. As a result, despite our continuous efforts, we were not too lucky with our plants, as the shade was dominant. A couple of years ago though, our tree decided to pass away. The City came and cleaned up its place. We loved our tree however, and we were sad to see it go... During the following spring, once the sun started to shine on our lot, we noticed that all the planting done along the years, came alive! Mother nature is taking care of so many things... So now, we are having an abundance of colourful plants, all trying to find their best spot on the lot. We think that our front yard garden, although presented in a less manicured, organized manner, is kind of romantic...and we love it. We hope that it fits well in our beloved neighbourhood.

But entries don't have to come with a story. Just your evident love of gardening. Why not showcase it with us? Just email info@bprotoronto.ca.

We wish everyone a lovely summer, walking the 'hood, enjoying the gardens, shopping locally, and staying safe.
